THE CATCH

RULEBOOK — HOW TO PLAY

PLAYERS	ROUNDS	TIME	YOU NEED
2 – 6	7 matches	20 – 40 min	The deck + 1 phone

The Catch is a dating card game with a phone for a matchmaker. The phone shows who's on the market. The cards hold their secrets. Peek, keep a straight face, date or ghost, then flip the cards, add them up, and find out who you really went home with.

SETUP

A **Who's playing**

Open the scorekeeper and tap **START**. Pick who you're **looking for** (girls, guys or everyone), then add **2–6 players**, each with a name and a player type (page 3).

B **Write your own (optional)**

Write real behaviors on the blank cards and shuffle them in. Green blanks are +2, red blanks are −2.

C **Set the table**

Shuffle the deck face-down in the middle. Give everyone 3 stalk chips. Press START THE GAME.

EACH MATCH

1 **Meet them**

The phone shows who's on the market: name, age and archetype.

2 **Deal**

Deal **6 cards**: **2 face-up**, **4 face-down**. Those six cards are this person.

3 **Stalk**

Spend a chip to secretly peek at one face-down card, then put it back. Everyone sees you stalk; nobody sees what you found. A face-down dealbreaker (−10) can sink a whole date.

4 **Decide**

On 3, everyone says **DATE** or **GHOST** out loud. You have 3 ghosts; when they're gone, you have to date.

5 **Flip, add up & enter**

Flip every card. If you dated, add up all 6 **using your type** and enter your total on the phone. If you ghosted, tap Ghosted. Discard the six cards.

TIPS

1 Watch who stalks

The peek is secret, but the chip isn't. Someone stalked and then ghosted? They probably found a red flag.

2 Keep a straight face

Found a +3? Hesitate. Found a −10? Look pleased. Your face is a card too.

3 Save ghosts for the worst

You only get 3. Don't spend them on profiles that might be fine.

4 Chase chemistry

A great date only earns +2 if you're the only one who went.

5 Know your type's math

Before you say Date, count the cards your type changes.

6 Add up fast

Add the printed values, then fix only the cards your type changes. Say your total out loud before you enter it.

PLAY AGAIN

Shuffle everything back together and press PLAY AGAIN: seven new profiles, a new catfish, and a chance to change your title.
